**Opportunities to help** (see fax back response form):

1. Invite your lawmaker to join you for one of the **CT Arts Day at the Capitol** activities
2. Help recruit local business people who can put a human face on the economic benefits of the arts in Connecticut. We are looking for speakers from across the State who will make a memorable and positive impression. They could be one of your vendors, run a restaurant, be your printer, run a retail shop, provide lodging, be a trade union member, a musician, actor, construction worker or a Star.
3. Help build a network of contacts with Stars so we can easily line them up to help promotes the arts.
4. Nominate unsung heroes who help your group or the arts in your region to receive a **1998 Connecticut Commission on the Arts Distinguished Advocates for the Arts Award**. All nominees will receive a certificate recognizing their work. But to win they have to be nominated.
